Learn More Guitar History!

Classical Guitar and the Age of Enlightenment is an investigation into the origins of the modern six-string guitar and the intellectual movements that attended its arrival, chronicling the development of guitar music from the late seventeenth century into the mid-nineteenth century through primary sources and period illustrations. The convenient pocket-book print format of this entertaining and informative cultural history fits comfortably in most standard-sized guitar cases.

Print copies can be purchased at this store or online through barnesandnoble.com.
